## BRIEF SUMMARY

As a dedicated and ambitious student pursuing a Bachelor of Technology in Computer Science, I bring a passion for technology and a drive for continuous learning to the table. With a solid foundation in programming languages, algorithms, and data structures, I am eager to apply my skills to real-world projects and contribute effectively to the ever-evolving field of computer science. My proactive approach, coupled with strong problem-solving abilities, enables me to thrive in challenging environments while collaborating effectively with teams to achieve common goals.

## KEY EXPERTISE

DSA C C++ HTML CSS Python My SQL DBMS Excel Power BI JavaScript React NLP

## EDUCATION

### SRM Institute of Science & Technology, Ghaziabad

B.Tech. - Computer Science & Engineering | CGPA: **8.84 / 10**

2021 - 2025

### Delhi Public School, Meerut

12<sup>th</sup> | Percentage: **87.60 / 100**

2021

### Delhi Public School, Meerut

10<sup>th</sup> | Percentage: **84.80 / 100**

2019

## INTERNSHIPS

### Nucleus Software Exports Ltd. | IT / Computers - Software

16 Dec, 2023 - 16 Feb, 2024

Software Engineer Intern

- Engaged in chatbot development and automation testing during internship
- Played a pivotal role in designing and implementing automated testing frameworks for website, ensuring quality assurance
- Did automation testing using Java, Selenium and web drivers

### Juniper Networks | IT / Computers - Software

05 Sep, 2023 - 05 Oct, 2023

Software Engineer Intern

- Completed virtual internship with Juniper Networks focused on cloud computing gaining hands-on experience in deploying and managing cloud-based solutions
- Acquired proficiency in utilizing Junipers cloud networking technologies, including virtualized network functions and software-defined networking principles.
- Applied theoretical knowledge in cloud computing to real-world scenarios, contributing to the development of scalable and resilient cloud architectures.

## PROJECTS

### Behance Clone WebPage

**Key Skills:** HTML JavaScript Tailwind CSS React

**Project Link:** <https://behance-clone-gray.vercel.app/>

Developed a responsive Behance Clone to showcase design portfolios. The project was built using HTML, Tailwind CSS, JavaScript, and React for the front end. This application replicates key Behance platform, providing a user-friendly interface for browsing, uploading, and managing creative projects. The design ensures optimal performance and responsiveness across various devices, enhancing user experience.

## ASSESSMENTS / CERTIFICATIONS

### Google Cloud Career Practitioners Pathway

### Database Management System (NPTEL)

### Data Mining (NPTEL)

## EXTRA CURRICULAR ACTIVITIES

- Creative Team Lead at Google Developer Student Clubs
- Organizer & Manager for Internship Training Programme at Ehsaas NGO
- Core committee member at Kalamgiri, SRMIST

## PERSONAL DETAILS

**Gender:** Female

**Date of Birth:** 13 Feb, 2003

**Known Languages:** Hindi, English,  
French
